Introduction

Peter Villiger

founded the company 29 years ago and he is the majority shareholder.

In difference to all competitors in the cash security and cash handling industry he has a 29 year track record of being the chairman of the company. Customers appreciate this continuity. Those who know Peter already, appreciate his energy and his passion for customer solutions that are better than anything else in the market. Nothing seems to him impossible. Peter challenges the industry issues head on.
